

Prep H5 Avian Influenza

What do these animals have in common?

Learning Intention

We are learning how to help keep birds
safe.

Success Criteria

We will be successful when we can...

...explain what to do if we see a sick bird.

... share one way we can keep our wildlife safe.

Avoid

Don't touch.

Avoid the hot jug.

Record

Take a photo of
what you see.

I will
record my
pet playing.

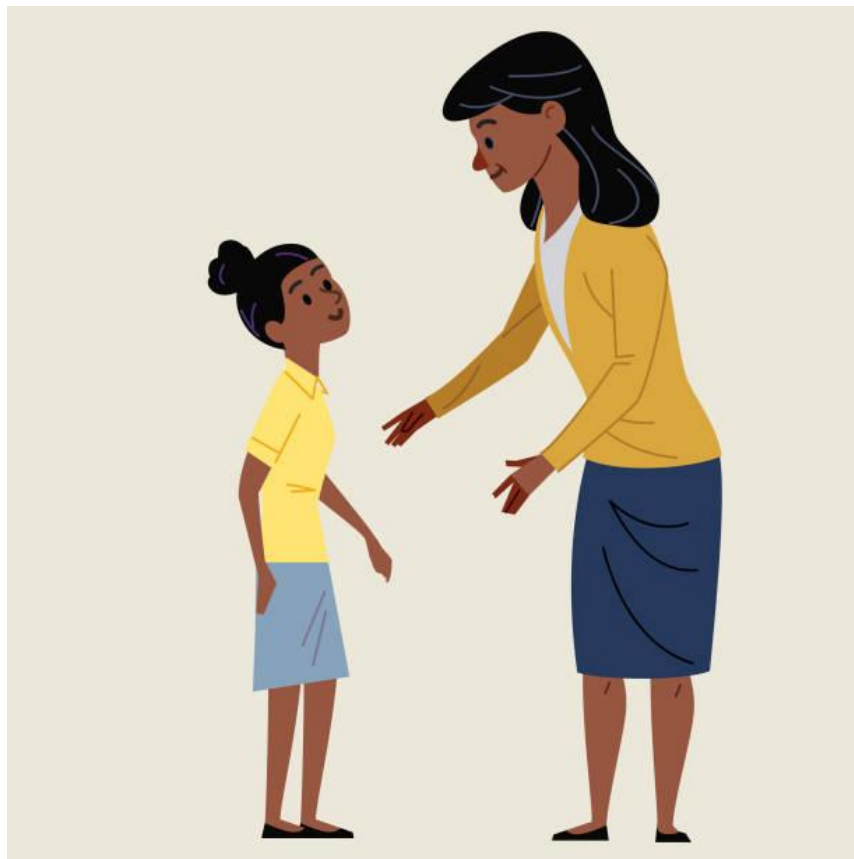

Report

Tell an adult.

I will report
sick birds to my
Mum or Dad.

Keeping Birds Safe

Birds need food and water.

Keeping Birds Safe

Birds need safe places to live.

Keeping Birds Safe

Birds can get sick.

Keeping Birds Safe

Avoid sick birds.

Keeping Birds Safe

Record sick birds.

Keeping Birds Safe

Report sick birds.

Keeping Birds Safe

When we **avoid, record and report**, we keep wildlife safe.

What should you do if you see a sick bird?

Avoid it

Pick it up

What should you do if you see a sick bird?

Avoid it

Pick it up

Should our parents call to report
sick birds?

No

Yes

Community Biosecurity

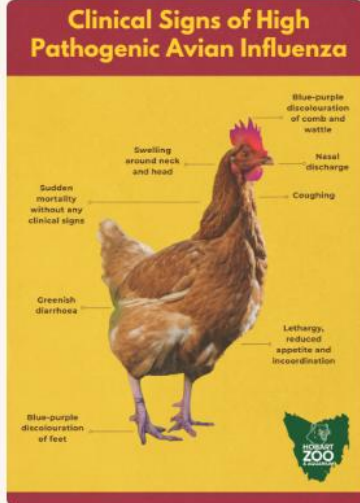

Welcome to Hobart Zoo and Aquarium's Community Biosecurity Hub.

This page is your first stop for trusted, up-to-date information on biosecurity issues that may affect wildlife, animals, and our local community. We regularly update this space with the latest advice, resources, and guidance on emerging biosecurity challenges, including Avian Influenza (bird flu).

By working together and staying informed, we can all play an important role in protecting Tasmania's unique wildlife and natural environment.

1. Understanding Avian Influenza (Bird Flu)

Clinical Signs of High Pathogenic Avian Influenza

Learn what Avian Influenza (Bird Flu) is, how it spreads, and why it is important for wildlife, poultry, farm animals, and our community.

2. What To Do If You Find a Sick or Injured Bird

We Want You to Be Safe

**AVOID**
Don't touch sick or injured birds

**RECORD**
Write down the date, time, location and species

**REPORT**
Call the Animal Disease Hotline on 1800 675 888

If you find a sick or injured bird, follow these simple steps to protect yourself, wildlife, and the wider community.
